SAFARI & THE LOST CITY

Our Experience starts with a walk with lions, on our way to The Palace of the Lost City. The Palace is an architectural masterpiece with its huge filigree style columns. The first day of arrival is fully packed, but allows for an early night's rest. We explore further the Lost City with its lushness and prominent water features with an orientation tour early morning. A delicious relaxed lunch is served, whilst overlooking a man-made beach, called Valley of Waves. In the afternoon we ready ourselves for a safari trip to see the Big 5, where we celebrate our last safari dinner around a bonfire.

CAPE TOWN

Cape Town has been called "mini Europe", voted one of the Best Cities in the World for 5 consecutive years. It offers a vibey city life, scenic beauty, excellent cuisine and an array of colour and creativity. Our first lunch is in a picturesque setting looking at the ocean. Lunch is followed with a visit to famous Table Mountain. We spend 1 hour in the morning learning about the first heart transplant / local shoe factory / the recycle plant. We visit a Diamond Wholesaler, where one lucky person can win a diamond, we have time for shopping, but before we head home, we make a day trip to the Cape Peninsula to visit the Penguins especially!
